To All Singaporeans,

Our company would like to apologise for the unintentional error for putting up the discrimination advertisements on Jobstreet dated 24/August/2018 stating "Prefer Chinese candidates" for the position of Assistant Engineer.

A correction was made immediately on the advertisement.

Let us assure you that we truly value our potential Singapore candidates who may be interested in the vacancies advertised. And we have conducted an internal inquiry into our processes and administration. We will drive to ensure that such error will not be repeated in the coming time.

We will continue to affirm our commitment towards fair employment and support the Tripartite Guidelines on Fair Employment Practices.

Thank you again for your patience and understanding for any inconvenience caused.

Yours Sincerely,

William Soo

Group HR & Admin Manager
